EXPERIENCE

Full Stack Web Developer Intern

INTERNSHALA Sep 2020 - Dec 2020

- I have experience in developing and maintaining web applications using HTML, CSS, and JavaScript. It's been a passion of mine to create user-friendly and visually appealing websites. I love the challenge of troubleshooting and fixing any issues that may arise. My goal is to provide the best possible user experience for every visitor to the site.
- Created mockups for the website layout and design.
- Designed user interface elements such as buttons, forms, menus, and navigation bars.
- Debugged existing codebase to identify issues and fix them quickly.
- Collaborated with other developers in designing solutions for complex problems.
- Tested websites across multiple browsers to ensure compatibility and responsiveness.
- Integrated third-party APIs into existing web applications for better functionality.
- Managed back-end databases by writing SQL queries to retrieve data from tables.
- Created technical documentation of all projects developed during internship period.
- Developed automated scripts for testing various components of a web application.
- Implemented front-end features to improve user experience.
